

BARDA STRATEGIC PLAN 2022-2026

The Biomedical Advanced Research and Development Authority (BARDA) mission is to develop and procure medical countermeasures that address the public health and medical consequences of chemical, biological, radiological, and nuclear (CBRN) incidents; pandemic influenza; and emerging infectious diseases.

BARDA's 2022-2026 Strategic Plan is built on four strategic goals to fortify and strengthen BARDA's efforts to keep all Americans safe from any threat to the public's health:

Learn more about BARDA and access the full 2022 2026 BARDA Strategic Plan at [medicalcountermeasures.gov](https://www.medicalcountermeasures.gov)

GOAL 1: PREPAREDNESS

Rapidly develop safe, effective medical countermeasures accessible to all Americans

Support advanced development and procurement of MCMs and innovative technologies to enhance preparedness against known and unknown threats.

Accelerate Adaptable and Scalable Solutions

Catalyze Innovation

Incorporate End User Needs

Protect Total Population, including Underserved and At-Risk Individuals

GOAL 2: RESPONSE

Maintain a sustainable, mission ready response posture

Mobilize quickly, leverage partnerships, and identify proven technologies that can be rapidly adapted to new threats.

Assess MCM Portfolio Readiness

Prioritize Domestic Manufacturing Capacity

Leverage Support Services

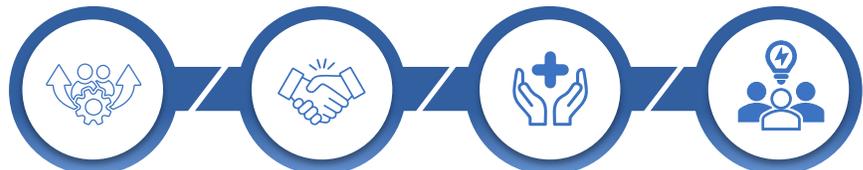

Implement Flexible Contracting Vehicles

Develop MCMs for a Range of Populations and Settings

GOAL 3: PARTNERSHIPS

Leverage mechanisms to foster flexible partnerships

Promote adaptable partnership models, sustain current and establish new partnerships, increase partner diversity and identify ways to promote long-term sustainability of supported products.

Advance New and Innovative Partnership Models

Foster Existing Partnerships

Enhance Sustainability

Engage Socially and Economically Disadvantaged Businesses

GOAL 4: WORKFORCE

Build and support a world class workforce

Deliver lifesaving MCMs through investing in a workforce of experts that can lead and innovate to protect Americans from emerging threats.

Recruit and Retain Top Talent

Promote Diversity, including in Leadership Roles

Expand Career Development Opportunities

Adopt Modern Tools to Enhance Efficiency
